INDEX TO VOLUME VIII.

Authors

PAGE

Babcock, Allen H. ... 81
Bates, Frank H. ... 24, 42, 75, 96, 114, 132
Bean, Harry J., A. B., E. E. ... 61
Borchers, Dr. W. ... 136
Bowie, Aug. J., Jr. ... 105
Brooks, Prof. Orion ... 83
Cory, Prof. C. L. ... 33
Doble, W. A., M. E. ... 85
Emmet, W. L. R. ... 109
Griffith, W. W. ... 137
Hicks, Lewis A., C. E. ... 3
Hutton, C. Wm. ... 15
Jones, Willis H. ... 100
Markill, R. F. ... 108
Martin, John ... 11
Perrine, F. A. C., D. Sc. ... 41
Robb, W. L. ... 89
Van der Naillen, Albert, Sr. ... 128
Van Norden, R. W. ... 14
Scott, Chas. F. ... 121

Distribution

*Electrically-Driven Centrifugal Pumps, by Lewis A. Hicks, C. E. ... 3
*Induction Motors, by R. F. Markill ... 108
*Localizing Faults in Concentric Cables ... 23
Motor Generators vs. Gravity Batteries ... 101
"Pumping" of Rotary Converters ... 89
*Rectification of Alternating Currents ... 93
*Regulating Secondary Voltages ... 118
Rotaries in the Hartford Plant, by W. L. Robb ... 89
*Service Charges at a Glance ... 92
Single-phase, Self-starting Motors ... 55
The Determination of a Fair Return for Current Supply, by C. Wm. Hutton ... 15
*The Kasten Slow-Speed Motor ... 32
The Sprague-Lundell Fan Motors ... 32

Electro-Insurance

Destruction of the Blue Lakes Power Plant ... 107
†The Blue Lakes Fire ... 113

Gas

*Industrial Gas, by Frank H. Bates ... 24, 42, 75, 96, 114, 132
†On the Inefficiency of Acetylene ... 21
The Green-Howard Gas Controversy ... 71

Generation

*Bullock Engine Type Generators ... 137
Electrical Costs in San Francisco ... 78
Load Factors and Generation Costs ... 91
†Measuring Dynamo Efficiencies ... 96
*Seven 2000-Horsepower Transformers ... 103
†Siemens & Halske Alternating Machinery ... 22
*The Regulation of Alternating-Current Generators, by Prof. C. L. Cory ... 33

Historical

*An Early Jablochkoff Alternator, by Prof. Orion Brooks ... 83

Hydraulics

†Impound the State's Flood Waters ... 95
*Tangential Water Wheels, by W. A. Doble, M. E. ... 85

Illumination

Electric Lighting versus Gas, by John Martin ... 11
Electric Railway Train Lighting ... 19
†It Means Business ... 20
Measurement of Light ... 119
†Municipal Ownership There and Here ... 94
Refill Your Burned-Out Lamps ... 32
†The Edison Three-Wire Patent ... 22

Literature

PAGE

"Electrical and Mechanical Vest-Pocket Manual," by Sidney Sprout 32
Farming by Electric Power ... 111
†Prof. Forbes Makes a Correction ... 23
Machinists' and Engineers' Pocket Manual ... 84
The Steam Engine Indicator ... 104

Miscellany

*Ayrton's Electrostatic Synchronizer ... 137
†Messrs. Keeley, Howard & Co., Frauds ... 74
Plotting Magnetic Fields, by W. W. Griffith ... 137
Purity of Aluminum ... 93
†The Policy of the JOURNAL ... 20
†The Story of the Three Eggs, Improved ... 22
The Sun as a Source of Energy, by Dr. W. Borchers ... 136

Obituary

Brooks, Herbert H. ... 60
Luttrell, Capt. J. F. ... 137
Neisser, Aug. H. ... 60

Operation

*An Induction Factor Meter, by Allen H. Babcock ... 81
*Breaking Heavy High-Tension Circuits, by W. L. R. Emmet ... 109
*High-Tension Switches at Bakersfield ... 110
Insulating and Baking Methods ... 120
*Measuring Insulation of Alternating Circuits ... 109
†Philosophy of Synchronizing Alternators ... 130
*Testing Live Circuits ... 80
The Rotative Direction of Polyphase Motors ... 40
*Three-Phase Synchronizing Methods ... 102
*Transformer Ratios Easily Determined ... 90

Personal

... 23, 25, 111, 129

Steam

Steam Engineering Efficiency ... 129

Telegraphy

*The Principle of Wireless Telegraphy, by Willis H. Jones ... 100
Wireless Telegraphy as It Is ... 101

Trade Literature

... 84, 104, 120

Transmission

A 25,000-volt Direct-Current Transmission ... 119
*Aluminum for Electrical Conductors ... 27
Convention of the Transmission Association ... 31
*Current in Two and Three Phase Lines ... 90
†High Voltage Transmission Limitations ... 131
Hints on Long-Distance Transmission, by R. W. Van Norden ... 14
Insulators on the Snoqualmie Line ... 82
Long Spans of Overhead Wires ... 19
Niagara Falls Prints Newspapers ... 104
Official Report of the Transactions of the Third Annual Transmission Convention ... 49, 63
*Polyphase Transmission, by Chas. F. Scott ... 121
*Tests and Calculations for a Forty-Mile Aluminum Wire Transmission Line, by F. A. C. Perrine, D. Sc. ... 41
*The Disposition of Three-Phase Transmission Lines, by Aug. J. Bowie, Jr. ... 105
†The Electric Transmission Convention ... 46
The Locke Patent Sustained ... 104
†Transmission as Viewed by a Coal Merchant ... 74

Transportation

*Burgdorf-Thun-Bahn Polyphase Railway, by A. van der Naillen, Sr. 128
†Polyphase Electric Traction ... 72
†Polyphase Traction Again ... 112
*A Typical Small Street-Railway Plant, by Harry J. Bean, A. B., E. E. 61

* Illustrated. † Editorial.
